— diazepam (Valium) for alcoholism, 523
— diethylstilbestrol: *see* Hormones
— digitalis + Metrazol; (?) diuresis augmented, 678
— dinitrochlorbenzol; delayed hypersensitivity reaction to and malignancy, 380
— disulfiram (Antabuse) for alcoholism, 523
— drug addiction re successful adaptation to aging, 1137
— drug pruritis in the elderly, 750
— drug resistance (three types) and bacterial mutation; resistance transfer factor, 611
— drug therapy re institutional care of the aged, 203
— drug therapy, with or without group discussion, re mental patients, 34

— emetine for alcoholism, 523
— epsilon aminocaproic acid for preventing fibrinolysis, 1010
— ergot alkaloids in pharmacogenic stress test for anti-anginal drugs, 908
— ergot alkaloids used in testing cardiac changes re thioridazine therapy, 20
— estrogens: *see* Hormones
— ethinyl estradiol: *see* Hormones
— fibrinolysin for clotting, 87
— fluoride (sodium) in cancer therapy, 882
— hematinics, shotgun, re treatment of anemia in the aged, 568
— heparin in cancer therapy, 882
— hexylresorcinol re potentiation of tolbutamide hypoglycemia, 948
— hormones: *see* Hormones
— hydrocortisone: *see* Hormones
— hypoglycemic agents: *see also* Diabetes; Hormones; Insulin
— hypolipemic agents (clofibrate, oxandrolone, triparanol); effects in hyperlipemic adult diabetics, 674
— imipramine (Tofrānil); effects in elderly incontinent psychiatric in-patients, 276
— indomethacin in treatment of coccygodynia, 100
— insulin; *see* Diabetes; Insulin
— isosorbide dinitrate used in testing cardiac changes re thioridazine therapy, 20
— liver fraction + vitamin (Mucoplex) supplement in treatment of achlorhydria, 786
— LSD in the treatment of alcoholism, 523
— malonate (disodium) in cancer therapy, 882
— medroxyprogesterone: *see* Hormones
— meprobamate and alcoholism; (?) potentiating effect, 523
— methaqualone (Sopor) vs. chloral hydrate in geriatric patients, 455
— methylphenidate hydrochloride (Ritalin) in narcolepsy, 721
— methylprednisolone: *see* Hormones
— metronidazole (Flag) for alcoholism, 523
— nicotine in tobacco: *see* Smoking
— nicotinyl alcohol (Roniacol Timespan); long-acting peripheral vasodilator, 780
— nitrates (glyceryl, isosorbide, erythrityl, pentaerythrityl) for angina; stress tests re ECG evaluation of, 908
— nitrofurantoin for pyelonephritis in 79-year-old woman, 1072
— norbolethane: *see* Hormones
— nortriptyline (Aventyl); effects on geriatric patients in a mental hospital, 196
— organomercurials and the drug susceptibility of uropathogens, 611
— oxandrolone as hypoglycemic agent, 674
— oxophenarsine in cancer therapy, 41, 882
— papaverine (Pavabid Plateau Caps) for periph. vasc. ischemia, 386
— pentylenetetrazol (Metrazol); effect on blood cholesterol, 678, 684
— pentylenetetrazol (Metrazol) with and without group discussions, re geriatric behavior, 34
— pentylenetetrazol-nicotinic acid (Metalex) for chronic brain syndrome, 191
— pharmacogenic stress test for anti-anginal drugs, 908
— pharmacologic aspects of aging, 68
— pharmacotherapy of alcoholism, 523
— phenformin (DBI-TD); effect in diabetic patient with sulfonylurea-induced hypothyroidism, 674
— phenformin in treatment of diab. hyperinsulinism, obesity and narcolepsy, 721
— phenothiazine medication in geriatric patients; choreiform movements as side effect, 517
—phenothiazines; cardiac and CNS effects, 20, 29
— phenothiazines in treatment of alcoholism, 523
— phosphate salts, inorganic (Phospho-Soda), in treatment of hypercalcemia, 931
— pipradol hydrochloride (Meratran) in narcolepsy, 721
— potassium: mixture used in testing cardiac changes re thioridazine therapy, 20
— prednisolone, prednisone: *see* Hormones
— progestational agents; progesterone: *see* Hormones
— proteolytic enzyme-neomycin (Biozyme) lotion or ointment for chronic skin ulcers, 219

— psychotropic drugs for geriatric patients, 575
— pyruvaldehydes in cancer therapy, 882
— reserpine-thyroglobulin therapy; pulse wave changes during, in the aged, 759
— RNA of yeast; short-term oral therapy with; effect on serum uric acid and memory function in senility vs. senescence, 364
— SH inhibitors in cancer therapy, 41, 882
— SI-1 in cancer therapy, 41
— steroids: *see* Hormones; Steroids
— stilbestrol: *see* Hormones, diethylstilbestrol
— succinyl chloride for alcoholism, 523
— sulfonamides; development of resistance to, 611
— Synkayvite (menadiol diphosphate) in cancer therapy, 882
— testosterone: *see* Hormones
— thioridazine and cardiac changes, 20
— thioridazine; effects on chronically regressed patients, 29
— thioridazine in the very elderly, 587
— thyroglobulin: *see* Hormones
— thyroid hormones: *see* Hormones; Thyroid
— tolbutamide (Orinase); fatal hypoglycemic coma from; effects of other drugs, 948
— tolbutamide (sulfonylurea) hypothyroidism re diab. hyperinsulinism, 674
— triamterene-hydrochlorothiazide (Dyazide) as a diuretic for elderly patients, 166
— triparanol and serum cholesterol, 674, 684
— vitamins: *see* Vitamins
DUODENUM: *see* Gastrointestinal tract
DYAZIDE: *see* Drugs (triamterene-hydrochlorothiazide)

CONTENTS OF VOLUME XV

No. 1, January 1967

Results of Cryothalamectomy for Parkinsonism in Patients over 70. *Joseph M. Waltz, Gerardo Aristizabal, Manuel Riklan and Irving S. Cooper* 1

Psychological Reactions in Fatal Illness. I. The Prospect of Impending Death. *Adriaan Verwoerd and James L. Elmore* 9

Cardiac Changes Related to Phenothiazine Therapy, with Special Reference to Thioridazine. *Martin H. Wendkos* 20

Effects of Thioridazine on Chronically Regressed Patients. *Herbert Fleischl* 29

Drug Therapy with or without Group Discussion: Effects of Various Regimens on the Behavior of Geriatric Patients in a Mental Hospital. *J. R. Williams, Leopold Csalany and Gabriel Misevic* 34

Sulfhydryl Inhibitors for Clinical Cancer Chemotherapy. *Frances E. Knock* 41

Anorexigenic Drugs in Perspective. *S. K. Fineberg* 51

Unilateral Osteoporosis in Longstanding Hemiplegia in the Elderly. *H. M. Hodkinson and A. T. Brain* 59

How Frequently Do We Have a Cure without Diagnosis? The Indispensable Consultant!!! *Anonymous* 65

Pharmacologic Aspects of Aging: Additional Literature. *A. Douglas Bender* 68

Is the Nursing Home the Mental Hospital's Back Ward in the Community? *Jerome A. Collins, Bernard A. Stotsky and Joan R. Dominick* 75

Some Characteristics of a Group of Senior Citizen Volunteers for Physiological Studies. *Milton B. Cole and Oksana Lyczkowskyj* 82

Clot Lysis with Fibrinolysin: Progress Report. *M. S. Mazel, R. Riera and J. R. Stern* 87

Cardiopulmonary Resuscitation: Review of One Year's Experience in a General Hospital. *Oscar Neufeld* 95

Coccygodynia among the Geriatric Population. *Francis H. Stern* 100

Letter to the Editor—Further Observations on the Need for a National Scientific R & D Budget. *Joseph W. Still* 103

Books Received 106

News and Notices 108

The American Geriatrics Society

Awards *35*

The 1967 Annual Meeting, Atlantic City *36*

No 2, February 1967

Physical Medicine and Rehabilitation for Stroke Patients. *Louis B. Newman* 111

Some Factors in Acute Renal Failure. *F. L. van Veen* 129
Chronic Alcoholism—After Thirty Years, Some Second Thoughts. *Joseph Lerner* 137
Alcoholism in the Aged—Modern Concepts. *M. L. Riccitelli* 142
Aspiration Pneumonia after Cardiac Arrest and Resuscitation. *Harry B. Greenberg* 148
Pulse-Wave Changes with Aging. *Richard J. Puls and Kenneth W. Heizer* .. 153
Use of a Diuretic Combination of Triamterene and Hydrochlorothiazide in Elderly Patients. *A. Douglas Bender, Carolyn Lee Carter and Karl B. Hansen* 166
The Permanent Gastrostomy: A Modern Revised Feeding Technique Involving the Precision Diet. *Frank S. Butler* 174
The Rehabilitative Program in Pulmonary Emphysema. *Alvan L. Barach.* 183
Electroencephalographic Studies on the Aging Process: Psychometric Correlates. *Irvin M. Gerson and Emanuel Chat* 185
Pentylenetetrazol with Nicotinic Acid in the Management of Chronic Brain Syndrome. *R. E. Deitrick* 191
Effects of Nortriptyline on the Mental and Social Adjustment of Geriatric Patients in a Mental Hospital. *William J. Kernohan, Jay L. Chalmers, Winston T. Wilson and J. Frank Daugherty* 196
Humanizing Institutional Care for the Aged. *Harry A. Savitz* 203
A Rapid Disability Rating Scale. *Margaret W. Linn* 211
News and Notices 215
The American Geriatrics Society
Awards *41*
The 1967 Annual Meeting, Atlantic City *42*

No 3, March 1967

Treatment of Chronic Skin Ulcers by a Proteolytic Enzyme-Antibiotic Preparation. *Malcolm C. Spencer* 219
Proper Interpretation of Serologic Tests for Syphilis in the Aged. *Leslie Nicholas* 224
Mechanisms Leading to Hypoventilation in Extrapyramidal Disorders, with Special Reference to Parkinson's Disease. *Manuel Mier* 230
Some Factors Associated with Absence of Coronary Heart Disease in Persons Aged 65 or Older. *R. Chris Brown and Leonard Ritzmann* 239
Spontaneous Regression of Malignant Disease: Report of Three Cases. *Jack Margolis and David West* 251
Acute Peptic Ulcer in the Elderly: Similarity to Stress Ulcer. *Robert L. Bradley* 254
Laboratory Studies on the Aging Kidney. *R. O. Muether, W. P. Schuessler and Anne J. Sommer* 260
Effects of Imipramine in Elderly Incontinent Psychiatric In-Patients. *Walter A. Thompson and I. David Waitzel* 276
Individualized versus Mass Transfer of Nonpsychotic Geriatric Patients

from Mental Hospitals to Nursing Homes, with Special Reference to the Death Rate. *Kenneth F. Jasnau* 280
Short-Term Learning and Memory Efficiency as a Function of Age and Health. *Irene M. Hulicka* 285
Fifty Aging Men: A Demonstration Project in Social Services to Psychiatric Geriatric Patients. *Imena A. Handy* 295
The Family Group Therapy Program at Park View Home for the Aged. *Al Manaster* 302
News and Notices 307
The American Geriatrics Society
Awards *35*
The 1967 Annual Meeting, Atlantic City *36*

No. 4, April 1967

A Pilot Study of Antihypertensive Therapy in Cerebrovascular Disease. *John Stirling Meyer, Gordon A. Eadie, Arthur D. Ericsson, Sibley W. Hoobler and Hugh R. MacMahon* 313
Peripheral Arterial Embolism and Embolectomy in Old Age. *B. Lyager Nielsen, P. Bundgaard Søholt, and H. Rahbek Sørensen* 322
Use of the Carotid Compression Test in Mass Screening for Carotid Endarterectomy. *Stephen A. Hegedus, Mary B. Cahill and Richard T. Shackelford* 333
Electrocardiographic Findings in Hospitalized Non-Cardiac Geriatric Patients. *Philip J. Del Vecchio, Jr.* 340
Minimizing the Menopause. *Francis P. Rhoades* 346
Comparison of Psychiatric and Nonpsychiatric Patients in Nursing Homes. *Bernard A. Stotsky and Steven Frye* 355
Effect of Short-Term Oral RNA Therapy on the Serum Uric Acid Level and Memory Function in Senile versus Senescent Subjects. *V. A. Kral, L. Solyom and H. E. Enesco* 364
A Physical Fitness Program for Patients with Hypertension. *Jacob L. Rudd and William C. Day* 373
Induced Delayed Hypersensitivity Reactions and Malignancy. *Milton B. Cole, Stephen C. Ware and Frances E. Roberts* 380
Diseases of the Digestive System in Puerto Ricans Aged 80 and Older. *Ramón M. Suárez, Jr. and Ramón M. Suárez, Sr.* 383
Further Evaluation of Papaverine for Peripheral Vascular Ischemia. *Francis H. Stern* 386
Life Satisfaction and the Older Disabled Worker. *Milton R. Goldsamt* 394
Serum Glutamic Oxalacetic Transaminase (SGOT) Activity in Thyroid Disorders: Preliminary Report. *John Mead* 400
News and Notices 402
The American Geriatrics Society
Awards *33*
The 1967 Annual Meeting, Atlantic City *34*

No. 5, May 1967

Measurements of All-Night Sleep in Normal Elderly Persons: Effects of Aging. *A. Kales, T. Wilson, J. D. Kales, A. Jacobson, M. J. Paulson, E. Kollar and R. D. Walter* 405
The Electroencephalogram in Advanced Senile Dementia. *H. F. Müller and V. A. Kral* 415
On Research and Support in Geriatrics, Including Design for a Study of Muscular Strength in the Aged. *Alex Comfort* 427
Factorial Study of Psychopathology in Psychiatric Patients Successfully Placed in Nursing Homes. *Bernard A. Stotsky and John E. Rhetts* 437
Conn's Syndrome Complicated by Fulminant Pyelonephritis in an Old Patient. *János P. Radó and Erzsébet Herman* 448
Methaqualone and Chloral Hydrate: Preliminary Comparison in Geriatric Patients. *Charles H. Kramer* 455
Cancer of the Esophagus: Modern Method of Maintaining Nutrition. *Frank S. Butler* 462
Method for Evaluation of Behavioral Changes in Aged Hospital Patients during Anabolic Steroid Therapy. *Arthur Wolpert, Charles Sheppard and Sidney Merlis* 470
Factors Related to Attendance in a Center for Older People. *Jacob Tuckman* 474
The Chronically Ill Aged: Paradoxical Patient-Family Behavior. *Michael B. Miller and Audrey P. Harris* 480
Development of an Outpatient Geriatric Occupational Therapy Programme in a Montreal Hospital, 1960–1966. *Sonja Zaritzky and H. Grauer* 496
Indifference to Environmental Problems: Mental "Cardiac" Atrophy. *Shirley M. Colthart* 502
News and Notices, Including Actions Approved by the Board of Directors of the American Geriatrics Society, and Nominations for Officers (1967–68) 504
Medicare 507
The American Geriatrics Society
Awards *33*
Program of the 1967 Annual Meeting, Atlantic City *35*

No. 6, June 1967

Cardiac Murmurs in Old Age: A Clinico-Pathological Study. *Trevor H. Howell* 509
Choreiform Movements as Side Effects of Phenothiazine Medication in Geriatric Patients. *H. Siede and H. F. Müller* 517
Treatment of Alcoholism—Modern Concepts. *M. L. Riccitelli* 523
Allegedly Nonpsychiatric Patients in Nursing Homes. *Bernard A. Stotsky* 535
The Role of Diabetogenic Hyperinsulinism in Nocturnal Angina Pectoris, with Special Reference to the Etiology of Ischemic Heart Disease. *H. J. Roberts* 545

The Fitting of a Patellar-Tendon-Bearing Prosthesis 47 Years after the Original Below-Knee Amputation. *Melvin J. Goldberg and Frank L. Golbranson* 556
The Rotterdam Prosthesis—A Simple Prosthesis for the Aged. *S. Braadbaart* 560
Mumps—An Uncommon Cause of Lymphocytic Leukaemoid Reaction and Thrombocytopenic Purpura. *G. N. Menon and M. Hasan* 564
Anemia in the Aged. *William M. Cooper, Robert D. Hieber and William L. Chapman* 568
The Elder Patient. Psychiatric Disorders and Their Management. *Kurt Wolff* 575
An Internist's Observations on Thioridazine in the Very Elderly. *William J. Reedy* 587
Podiatry in a Total Geriatric Health Program: Common Foot Problems of the Aged. *Arthur E. Helfand* 593
Books Received 600
News and Notices, Including Actions Approved by the Board of Directors, American Geriatrics Society, Southern Pines Meeting 602
The American Geriatrics Society
Awards *33*
Program, The 1967 Annual Meeting, Atlantic City *35*

No. 7, July 1967

Flotation as an Aid in the Treatment of Decubitus Ulcers. *Charles Harris*. 605
Bacterial Mutation and the Evolution of Drug Resistance in Relation to Chemotherapy. *Harry Seneca* 611
Memory and Serum Ribonuclease Activity in the Aged. *S. Sved, V. A. Kral, H. E. Enesco, L. Solyom, B. T. Wigdor and S. M. Mauer* 629
New Aspects of Cardiovascular Disease in the Aged. *P. Schwartz and K. Wolfe* 640
A Half-Way House for the Aged Sick: the First Ten Years at "Westmoor." *Trevor H. Howell* 651
Manpower Resource and Long-Term Illness and Disability: An Assessment. *Odin W. Anderson* 658
Psychiatric Disorders Common to Psychiatric and Nonpsychiatric Patients in Nursing Homes. *Bernard A. Stotsky* 664
Diabetogenic Hyperinsulinism: Pathogenesis and Implications of Sulfonylurea-Induced Hypothyroidism. *H. J. Roberts* 674
Effect of Pentylenetetrazol (Metrazol) on Blood Cholesterol. *Harry Halprin and Craig Harris* 678
Lighting Needs for Older Eyes. *C. L. Crouch* 685
News and Notices 689
Medicare 695
The American Geriatrics Society
Awards *35*

No. 8, August 1967

Rehabilitation—To What? *Oreon K. Timm* 709
Combined Clinic for Arthritis Rehabilitation. *Frances Dworecka, Emanuel Golden and Yasoma Challenor* 717
Obesity Due to the Syndrome of Narcolepsy and Diabetogenic Hyperinsulinism: Clinical and Therapeutic Observations on 252 Patients. *H. J. Roberts* 721
Cervical Esophagostomy: A Modern Feeding Technique. *Frank S. Butler and Raynald T. Cooney* 744
The Diagnosis of Pruritus in the Elderly. *Alex W. Young, Jr* 750
Pulse-Wave Changes in Aged Patients during Thyroglobulin-Reserpine Therapy. *Richard J. Puls* 759
Long-Acting Form of the Peripheral Vasodilator, Nicotinyl Alcohol: Double-Blind Evaluation. *Samuel E. Stuart* 780
The Diagnosis and Treatment of Achlorhydria: Ten-Year Study. *George S. Sharp and H. William Fister* 786
Books Received 792
News and Notices 793
The American Geriatrics Society
Awards *36*

No. 9, September 1967

Gauging the Response of Stroke Patients to Rehabilitation. *Charles Murray Wylie* 797
The Venous Leg Ulcer in Geriatric Practice. *Carl C. Arnoldi and Olov Lindahl* 806
Use of Blood Transfusions by 177,420 Insured Persons during a 52-Month Period. *John B. Alsever and Raymond F. Barnes* 814
Evaluation of Tuberculin Testing in the Elderly. *Charles Harris* 828
Pseudoflutter: Report of a Case of Artifactual Atrial and Ventricular Flutter. *Edward I. Garick and David H. Spodick* 838
Perforation of Peptic Ulcer during Early Management of Myocardial Infarction. *G. N. Menon and M. Hasan* 842
Alcoholism: Control of the Uncontrolled Alcoholic. *Frank S. Butler* 848
Group Dynamics in the Rehabilitation of Hemiplegic Patients. *Steve Kurasik* 852
Books Received 856
Erratum 857
News and Notices 858
Medicare 867
The American Geriatrics Society
Awards *39*
The 1968 Annual Meeting, New Orleans *40*

No. 10, October 1967

The Onset of Rheumatoid Arthritis in the Aged. *James W. Brown and Donald A. Sones* 873
Protein-Sulfhydryl Groups in Cellular Control Mechanisms and Cancer. *Frances E. Knock, Raymond M. Galt and Y. T. Oester* 882
Aftercare without Fanfare. *Bernard A. Stotsky* 900
Stress Tests and the Evaluation of Anti-Anginal Drugs. *Martin H. Wendkos* 908
Simulation of Lung Cancer by Metastases. *Milton B. Rosenblatt and James R. Lisa* 921
The Treatment of Hypercalcemia with Inorganic Phosphate Salts. *Faith B. Davis* 931
Geriatric Hazards. *William Schwartz and Aris T. Papas* 936
Disturbances of Calcium and Phosphorus Metabolism in Premature Old Age. *Susanna Dénes* 941
Fatal Hypoglycemic Coma from the Use of Tolbutamide in Elderly Patients: Report of Two Cases. *Ira Hunt Slade and Reupena N. Iosefa*. 948
Codeine Addiction with Death Possibly Due to Abrupt Withdrawal. *Jack Margolis* 951
Sudden Drop to Normal Temperature and Early Sterilization of Blood during Intramuscular Antibiotic Therapy for Subacute Bacterial Endocarditis: Case Report. *Benjamin P. Sandler* 954
